

127725 to 127761—Continued

127739. *MEDICAGO SATIVA* L. Fabaceae.

Alfalfa.

No. 4223. *Rishka*. From Maimana, November 17, at 2,000 feet altitude.

127740. *MENTHA* sp. Menthaceae.

No. 4012. *Shenshob*. From Khalat, October 5, at 8,000 feet altitude. Leaves used as greens, as medicine, and for flavoring sour milk.

127741. *PISTACIA CABULICA* Stocks. Anacardiaceae.

No. 4060. From Kandahar, October 23, at 5,000 feet altitude. A tree about 1 foot in diameter and 20 feet high, bushy and covered with racemes of small pink fruits.

For previous introduction see 125588.

127742. *POA BULBOSA* L. Poaceae.

No. 4203. From Bala Murghab, November 15, at 3,000 feet altitude. An important pasture grass, growing on gumbo hills over a wide range of altitude.

127743 to 127755. *ROSA* spp. Rosaceae.

Rose.

127743. *ROSA* sp.

No. 3839. From Balkh, September 20, at 1,200 feet altitude. A free-flowering bush 6 feet high, from the border of a field, with orange-red fruits and leaves without scent.

127744. *ROSA* sp.

No. 3901. From Bagrami, near Kabul, October 3, at 7,000 feet altitude. A nearly thornless floriferous bush 5 feet high, growing on the open plain.

Nos. 127745 to 127748. From Kabul, October 5, at 7,000 feet altitude.

127745. *ROSA* sp.

No. 3902. A thorny bush 6 feet high, spreading from the root.

127746. *ROSA* sp.

No. 3906. A bush 6 feet high with white fragrant flowers, 1½ inches across, in clusters.

127747. *ROSA* sp.

No. 3908. A bush 8 feet high, with yellow to bronze flowers. The stems are sometimes fasciated.

127748. *ROSA* sp.

No. 3909. A cultivated rose of subarborescent habit, with drooping branches like a weeping willow; the numerous flowers are about 2 inches across. Seen only in Kabul.

127749. *ROSA* sp.

No. 3941. From Ghazni, October 8, at 8,000 feet altitude. A bush 4 feet high, spreading from the roots; the white fragrant flowers, 1½ inches in diameter, are in clusters.

127750. *ROSA* sp.

No. 3949. From Ghazni, October 8, at 8,000 feet altitude. A bush 8 feet high, with scented leaves, growing at the edge of a field. The fragrant white flowers 1½ inches across are in clusters.

127751. *ROSA* sp.

No. 4039. From Sardeh, October 18, at 5,000 feet altitude. A cultivated bush 6 feet tall.

127752. *ROSA* sp.

No. 4205. From Zermast Pass, November 14, at 7,000 feet altitude. A well-formed bush, 8 feet high, growing along a stream.

127753. *ROSA* sp.

No. 4243. From Maimana, November 19, at 2,000 feet altitude. A subscandent bush 5 feet high, growing in a hedgerow.
