

378082. ERAGROSTIS PILOSA (L.) Beauv. Gramineae.

From France. Seed presented by Institut National de la Recherche Agronomique, Versailles, through National Plant Materials Center, Soil Conservation Service, Beltsville, Maryland. Received January 29, 1973.
BN-20629-70. 1970-71 Index Seminum No. 1042.

378083. ERAGROSTIS CURVULA (Schrad.) Nees Gramineae. Weeping lovegrass.

From United States. Seed presented by National Plant Materials Center, Soil Conservation Service, Agricultural Research Center, Beltsville, Maryland. Received April 20, 1973.

BN-22630-69. Contaminant in P.I. 220586 (BN-19708-69) originally from Afghanistan.

378084. STIPA sp. Gramineae.

From France. Seed presented by Institut National de la Recherche Agronomique, Versailles, through National Plant Materials Center, Soil Conservation Service, Beltsville, Maryland. Received January 29, 1973.

BN-20810-70. 1970-71 Index Seminum No. 1262.

378085. MEDICAGO ARBOREA L. Leguminosae. Tree alfalfa.

From Israel. Seed presented through Seed Exchange Service, Plant Production and Protection Division, Food and Agriculture Organization, Rome, Italy. Received February 15, 1973.

FAO 30.530. Negev Institute for Arid Region Research, Beersheva.

378086. HEMARTHRIA ALTISSIMA (Poir.) Stapf & Hubb. Gramineae. Limpgrass.

From Rhodesia. Seed presented by A. O. Crook, Paulington, Umtali. Received February 21, 1973.

Near main gate University of Rhodesia grounds in black clay marshy soil.

378087 to 378089.

From Guadeloupe. Seed presented by L. Degras, Director, Plant Improvement Station, Center for Agronomic Research, Petit-Bourg. Received February 22, 1973.

378087. DESMANTHUS DEPRESSUS Humb. & Bonpl. Leguminosae.

378088. DESMANTHUS VIRGATUS (L.) Willd.

378089. TERAMNUS LABIALIS (L.) Spreng. Leguminosae.

378090. VICIA BAICALENSIS (Turcz.) B. Fedtsch. Leguminosae.

From Australia. Seed presented by Plant Introduction Section, Division of Plant Industry, Commonwealth Scientific and Industrial Research Organization, Canberra. Received February 15, 1973.

C.P.I. 28175. Received 1960 in Australia from Botanic Garden, Moscow, Soviet Union. A perennial vetch 30 to 60 cm. tall, with short thick rhizomes bearing numerous erect stems. Flowers blue or violet, sometimes white. Occurs in woods, in Eastern Siberia, Far Eastern Soviet Republics, Japan, China and Northern Mongolia.

378091. AMMOPHILA ARENARIA (L.) Link Gramineae. European beachgrass.

From Israel. Seed presented by D. E. Tsuriehl, Sand Drift Control, Ministry of Agriculture, Haifa-Kiryat Shmuel. Received February 26, 1973.
