

**392268 to 392272—Continued**

- 392268.** *ALLIUM ALTAICUM* Pall. Liliaceae.  
354.
- 392269.** *ALLIUM LEDEBOURIANUM* Schult. f.  
360.
- 392270.** *ALYSSUM MURALE* Bieb. Cruciferae.  
183.
- 392271.** *COTONEASTER UNIFLORA* Bunge Rosaceae.  
733.
- 392272.** *RHEUM ALTAICUM* Los. Polygonaceae.  
892.

**392273 and 392274. VIGNA UNGUICULATA (L.) Walp. Leguminosae.  
Cowpea.**

From Nigeria. Seed presented by K. O. Rachie, International Institute of Tropical Agriculture, Ibadan. Received December 30, 1974.

- 392273.** 'TVu 201-1D'. Developed from a natural outcross on 'California Blackeye'. Resistant to all local diseases. Has broad adaptation.
- 392274.** 'TVu 1190'. Originated from VU5 of Kenya. Resistant to all local diseases. High degree of tolerance to pre-flowering insect pests such as leaf hoppers and thrips.

**392275. PRUNUS MAACKII Rupr. Rosaceae. Amur cherry.**

From Union of Soviet Socialist Republics. Seed presented by Hortus Institut Botanicus Arcto-Alpinus, Filiae Kolaensis, Korovsk. Code number refers to 1974 Delectus Seminum. Received December 20, 1974.

87.

**392276. THYRSOSTACHYS SIAMENSIS Gamble Gramineae.**

From England. Seed presented December 1972 by A. H. Lawson, Pitt White Cottage, Uplyme, Lyme Regis, Dorset. Received December 21, 1974.

**392277 to 392279.**

From New Zealand. Plants presented by Duncan and Davies, Ltd., New Plymouth. Received June 28, 1974.

- 392277.** *CORNUS MAS* L. Cornaceae. **Cornelian-cherry.**  
'Aurea'.
- 392278 and 392279.** *PLATANUS ORIENTALIS* L. Platanaceae. **Oriental planetree.**  
**392278.** 'Autumn Glory'. Received as *P. cashmeriana*.  
**392279.** Received as *P. cashmeriana*.

**392280 to 392286.**

From Australia. Seed presented by A. J. Clarke, Department of Agriculture, Soil Conservation Service, South Perth, Western Australia. Received December 3, 1974.

- 392280.** *ATRIPLEX BUNBURYANA* F.v. Muell. Chenopodiaceae.  
435. Collected 1972.
- 392281.** *ATRIPLEX CINEREA* Poir.  
524.
