

- PI 536695 **origin:** United States. **cultivar:** ARCTIC KING. **remarks:** Maturity 75 days, butterhead type. Heads equal in size to White Boston, but leaves are lighter green and more crumpled. Annual. Cultivar. Seed.
- PI 536696 **origin:** United States. **cultivar:** BELLAVERDE GREAT LAKES LMC. **remarks:** Maturity 90 days. Seed white. Special Southwestern strain for spring and fall production. Annual. Cultivar. Seed.
- PI 536697 **origin:** United States. **cultivar:** BIBB. **remarks:** Maturity 57 days. Heads small, excellent quality. Leaves smooth, dark green. Well adapted to middle south. Annual. Cultivar. Seed.
- PI 536698 **origin:** United States. **cultivar:** BIG BOSTON. **remarks:** Maturity 75 days. Heads large. Leaves bright green, very tender. Annual. Cultivar. Seed.
- PI 536699 **origin:** United States. **cultivar:** BLACK-SEEDED BATH COS. **remarks:** Maturity 75 days. European variety. Heads small, dark, reddish brown. Annual. Cultivar. Seed.
- PI 536700 **origin:** United States. **cultivar:** BLACK-SEEDED SIMPSON. **remarks:** Maturity 45 days. Excellent quality. Leaves curled, crisp, very tender can be used from the time the plant is small. Quick-growing, dependable. Good for home garden. Annual. Cultivar. Seed.
- PI 536701 **origin:** United States. **cultivar:** BURPEEANA. **remarks:** Maturity 75 days. Heads small. Leaves loosely folded; outer leaves dark green, sometimes slightly tinged or marked with brown; inside leaves blanch to golden yellow. Crisp, without bitterness. Annual. Cultivar. Seed.
- PI 536702 **origin:** United States. **cultivar:** BURPEE GREENHEART. **remarks:** Maturity 45 days. Special strain of Grand Rapids; stands longer before bolting to seed. Leaves lighter green than Grand Rapids; margins finely frilled and deeply cut, tender, sweet and crispy. Good during spring, summer and fall. Annual. Cultivar. Seed.
- PI 536703 **origin:** United States. **cultivar:** CALMAR. **remarks:** Matures about 2 days later than Great Lakes. Head color medium green. Head shape round with good cover. Head size possibly slightly larger than Great Lakes. Solidity good, same as popular Great Lakes strains. Leaf texture similar to that possessed by popular Great Lakes strains. Resistant to tipburn. Resistance to downy mildew high. Annual. Cultivar. Seed.
