Plant Inventory No. 199 is a listing of plant materials introduced into the U.S. National Plant Germplasm System during calendar year 1990. The Inventory is divided into two parts that encompass PIs 536645 - 546348. This is not a listing of plant material for distribution.

Questions about data organization and proper plant identifications should be directed to the editor:

R.A. Norris, Germplasm Specialist  
Plant Introduction Office  
National Germplasm Resources Laboratory  
U.S. Dept. of Agriculture  
Agricultural Research Service  
Beltsville, MD 20705

Other contributors to Plant Inventory 199 included:

Vicki Binstock  
L.G. Garner  
Quinn Sinnott  
Allan K. Stoner  
G.A. White

Copies of this publication may be purchased from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161.

ARS has no additional copies for free distribution.
