"The following numbers are varieties of beans collected by Mr. W. F. Wight in various places during his South American trip. As found in the markets these beans are very badly mixed, one of the packets containing more than 20 distinct varieties. These varieties have been sorted out of the various numbered packets secured by Mr. Wight and each variety given a separate number. The sorting of the varieties has been done by Dr. D. N. Shoemaker, who has also furnished the descriptions." (*Skeels.*)
