

Citrus Fruits of the Mandarin type, S.P.I. No. 39897.

These have a light yellow rind with peculiar oil glands, a lemon odor and an agreeable sharp sour taste. May prove of special value because of the unusual hardness of the tree. From near Lian dja pa, Kansu, China. Natural size photograph No. 13140 by Frank N. Meyer, Oct. 20, 1914.
