Recent Notes of Information from the Office of Seed  
and Plant Introduction

by

David G. Fairchild,  
Agricultural Explorer in Charge.

The Office of Seed and Plant Introduction desires to strengthen its bonds of cooperation with the other offices of the Bureau of Plant Industry and, in order to bring to their attention as soon as possible after their introduction the various plants which come in from abroad, it has been suggested that there be issued at frequent intervals brief notes on the new arrivals.

At the same time it has seemed advisable to combine with these notes on new importations the names and addresses of the more important callers who have paid the office a visit and who are likely to be valuable as correspondents in foreign countries, and also brief statements regarding interesting men whom we have gotten in touch with through correspondence and to whom we may apply for information regarding some of the Plant Industries with which the various Officers of the Bureau are working.
