16260.	<i>MEDICAGO CILIARIS.</i>	16271.	<i>TRIGONELLA CORNICULATA.</i>
16261.	<i>MEDICAGO ECHINUS.</i>	16272.	<i>TRITICUM RIGIDUM.</i>
16262.	<i>MEDICAGO ELEGANS.</i>	16273.	<i>TRITICUM TRICHOPHORUM.</i>
16263.	<i>MEDICAGO SATIVA</i> × <i>FALCATA.</i>	16274.	<i>VICIA CORNIGERA.</i>
16264.	<i>MEDICAGO MINIMA.</i>	16275.	<i>VICIA DUMETORUM.</i>

16276 to 16302.

From Strassburg, Germany. Received thru the Botanic Gardens, November 21, 1905.

16276.	<i>AEGILOPS SPELTOIDES.</i>	16291.	<i>PISUM JOMARDI.</i>
16277.	<i>AVENA BREVIS.</i>	16292.	<i>TRITICUM BOEOTICUM.</i>
16278.	<i>AVENA HIRSUTA.</i>	16293.	<i>TRITICUM BOEOTICUM THAODAR.</i>
16279.	<i>AVENA LUDOVICIANA.</i>	16294.	<i>TRITICUM DICOCCUM.</i>
16280.	<i>AVENA ORIENTALIS.</i>	16295.	<i>TRITICUM GIGANTEUM.</i>
16281.	<i>AVENA PLANICULMIS.</i>	16296.	<i>TRITICUM MONOCOCCUM.</i>
16282.	<i>AVENA STRIGOSA.</i>	16297.	<i>TRITICUM MONOCOCCUM HORNEMANNI.</i>
16283.	<i>BROMUS ERECTUS.</i>	16298.	<i>TRITICUM POLONICUM.</i>
16284.	<i>ERODIUM GRUINUM.</i>	16299.	<i>TRITICUM RIGIDUM.</i>
16285.	<i>LAPPAGO RACEMOSA.</i>	16300.	<i>VIGNA GLABRA.</i>
16286.	<i>MEDICAGO GERARDI.</i>	16301.	<i>PISUM ELATIUS.</i>
16287.	<i>MEDICAGO TEREPELLUM.</i>	16302.	<i>PHASEOLUS MULTIFLORUS.</i>
16288.	<i>MEDICAGO TURBINATA.</i>		
16289.	<i>MELILOTUS ALBA.</i>		
16290.	<i>PHASEOLUS CAFFER</i>		

16303 to 16335.

From Kashgar, Chinese Turkestan. Received from Mr. Ellsworth Huntington, Kashgar, Chinese Turkestan, via Baku, Russia, thru the Chinese Amban of Khotan, and Mr. Macartney, British political agent at Kashgar, November 17, 1905.

"Khotan is a large, well-watered oasis, at an elevation of about 4,500 feet, at the foot of the Kuen Lun Mountains. Longitude 80°, latitude 37° N. In general, the climate is typically midcontinental. It may be likened to that of Colorado, tho drier and more extreme." (*Huntington.*)

16303.	<i>VIGNA SINENSIS.</i>	Cowpea.
	<i>Lobia.</i> A white bean.	
16304.	<i>BRASSICA NAPUS</i> (?).	Turnip.
	<i>Chamgu.</i>	
16305.	(Undetermined.)	
	<i>Usun.</i>
