

185671 to 185674. SORGHUM spp. Poaceae.

From India. Seeds presented by Alexander Wolsky, UNESCO, New Delhi. Received Dec. 21, 1949.

185671. *SORGHUM VULGARE* var. *ROXBURGHII* (Stapf) Haines.

Co. 3. Selection from *Talavikrichan Cholam*. Loose head, white grain; 140-day maturity.

185672 and 185673. *SORGHUM SUBGLABRESCENS* (Steud.) Schweinf. & Aschers.

185672. Co. 4. Selection from *Sen Cholam*. Compact head, red grain; 95-day maturity.

185673. Co. 9. Selection from *Vellai Cholam*. Compact head, white grain with red wash; 95-day maturity.

185674. *SORGHUM VULGARE* Pers.

Co. 1. Selection from *Periamanjai Cholam*. Medium-compact head, yellow grain; 135-day maturity.

185675 to 185683.

From Nigeria. Seeds collected by J. T. Baldwin, Jr., Agricultural Explorer, Bureau of Plant Industry, Soils, and Agricultural Engineering, Beltsville, Md. Received Dec. 22, 1949.

185675. *STROPHANTHUS BULLENIANUS* Mast. Apocynaceae.

No. 140. Calabai-Mamfe road.

185676. *STROPHANTHUS GRACILIS* Schum. & Pax.

No. 141. Calabai-Mamfe road.

185677. *STROPHANTHUS HISPIDUS* DC.

No. 139. Calabai-Mamfe road.

185678. *STROPHANTHUS PREUSSII* Engl. & Pax.

No. 137. Calabai-Mamfe road.

185679. *STROPHANTHUS SARMENTOSUS* DC.

No. 138. Calabai-Mamfe road.

185680. (Undetermined.)

No. 142. Calabai-Mamfe road.

185681. (Undetermined.)

No. 143. Calabai-Mamfe road.

185682. (Undetermined.)

No. 143a. Calabai-Mamfe road.

185683. (Undetermined.)

No. 143b. Calabai-Mamfe road.

185684 to 185689. LYCOPERSICON ESCULENTUM Mill. Solanaceae.**Tomato.**

From Guatemala. Seeds presented by the Tropical Research Center, Tiquisate. Received Dec. 22, 1949.

Native types.

185684. *Arbol*.

185687. 4-49. Wild.

185685. 2-49.

185688. 5-49.

185686. 3-49. Pear-shaped.

185689. 6-49.
