

242545 to 242616—Continued**242593. ERANTHEMUM WATTII** Stapf

Col. No. 5515. Perennial, to 2 feet high; flowers deep lavender-violet.

242594. HIBISCUS ACETOSELLA Welw. Malvaceae.

Col. No. 5549. Shrub; leaves bronze-red to maroon-red, petiolate, blade deeply lobed and dentate; flowers deep pink.

242595. HOYA AFFINIS var. **SOLANIFLORA** Schlechter Asclepiadaceae.

Col. No. 5529. Perennial vine; leaves laceolate, acuminate, dark green.

242596. HOYA ANGUSTIFOLIA Traill

Col. No. 5522. Scrambling, succulent perennial; leaves linear, grooved, to 4 inches long.

242597 and 242598. HOYA IMPERIALIS Lindl.

242597. Col. No. 5514. Scrambling succulent perennial; leaves broadly elliptic, acuminate, dull green above, glabrous, tomentose below.

242598. Col. No. 5535.**242599. HOYA RIDLEYI** King & Gamble

Col. No. 5531. Scrambling perennial; leaves broadly ovate, veins strongly marked, reddish.

242600. HOYA LONGIFOLIA Wall.

Col. No. 5530. Scrambling perennial; leaves broadly elliptic, furrowed above, bright green.

242601. ILEX $\times$ **ALTACLARENSIS** Dallim. Aquifoliaceae.

Col. No. 5578. 'Laevigata Polycarpa'. Large evergreen shrub; leaves mostly entire, sometimes spine-tipped; berries red.

242602. IMPATIENS REPENS Moon Impatiensaceae.

Col. No. 5538. Perennial stems reddish green, creeping, succulent; flowers bright yellow.

242603. MEDINILLA SEDIFOLIA Jummelle & Perrier Melastomataceae.

Col. No. 5521. Epiphytic, succulent, creeping perennial; leaves orbicular; flowers red.

242604. KOHLERIA LINDENIANA (Regel) H. E. Moore Gesneriaceae.

Col. No. 5534. Rhizomatous perennial; stems semicreeping, rooting at the nodes; leaves broadly ovate, veins deep green, purplish-red between, soft pubescent; flowers white with a lavender eye.

242605. LEEA AMABILIS Veitch Vitaceae.

Col. No. 5548. Shrub; leaves elliptic, toothed, bronze-green above when young, white stripe down the midvein, reddish below.

242606. MARCGRAVIA UMBELLATA L. Marcgraviaceae.

Col. No. 5574. Creeping perennial, rooting at the nodes; juvenile leaves emarginate, serrate, sessile, ovate, green above.

242607. NAUTILICALYX LYNCHII (Hook. f.) Sprague Gesneriaceae.

Col. No. 5543. Perennial; stems thick, semisucculent; leaves to 8 inches long, spatulate, serrate, lustrous green above, purplish-red below.

242608. CHLOROPHYTUM BICHETII (S. Karrer) Backer Liliaceae.

Col. No. 5587. Tuberous rooted, densely tufted perennial to 6 inches high; leaves grasslike, white-streaked.

242609. PELARGONIUM SAXIFRAGOIDES N. E. Br. Geraniaceae.

Col. No. 5518. Trailing perennial with weak, succulent stems; leaves deeply 4-5 dentate.
