

263520 to 263523—Continued

263521 and 263522. DIOSPYROS LOTUS L. Diospyraceae. **Dateplum.**

263521. "A".

263522. "B".

263523. GINKGO BILOBA L. Ginkgoaceae. **Maidenhair-tree.**

263524. IPOMOEA BATATAS (L.) Convolvulaceae. **Sweetpotato.**

From Kenya. Tubers presented by the East African Research Organization, Kikuyu.

'Muguga C'.

263525. CYAMOPSIS SENEGALENSIS Guill. & Perr. Fabaceae.

From Senegal. Seeds presented by the Agronomy Research Center, Bambey. Received Feb. 4, 1960.

263526 to 263535.

From Angola. Seeds presented by the Station for the Improvement of Plants, Nova Lisboa. Received Feb. 5, 1960.

263526. CROTALARIA JUNCEA L. Fabaceae. **Sunn-hemp.**

263527. CROTALARIA LACHNOCARPA Hochst.

263528. CROTALARIA MAXILLARIA Klatz.

263529. CROTALARIA MUCRONATA Desv.

263530. CROTALARIA USARAMOENSIS Baker f.

263531. DIGITARIA SMUTSII Stent. Poaceae.

263532. GLYCINE JAVANICA L. Fabaceae.

263533. STIZOLOBIUM ATERRIMUM Piper & Tracy Fabaceae.

'Mucuna Preta'

263534 and 263535. STIZOLOBIUM DEERINGIANUM Bort. **Deering velvetbean.**

263534. 'Mucuna Rajado'.

263535. 'Somerset'.

263536 and 263537.

From the United States. Seeds held at the Regional Plant Introduction Station, Geneva, N.Y.

263536. SAMBUCUS EDULUS L. Caprifoliaceae. **Danewort.**

G-9620. From Yugoslavia.

263537. LOBELIA INFLATA L. Campanulaceae. **Indian-tobacco.**

B-49894. Glenn Dale seed storage.

263538. MUSA $\times$ PARADISIACA L. Musaceae. **Plantain-banana.**

From the British West Indies. Rhizomes collected by J. J. Ochse, United Fruit Company Expedition. Received Feb. 8, 1960.

Col. No. O-55. 'Giant Lacatan'. Archbald Plantations, Dominica. Unusually large Lacatan variation.

263539. PYRUS PYRIFOLIA (Burm.) Nakai Malaceae.

From Japan. Seeds presented by the Section of Commerce and Industry, Mishima City, Shizuoka. Received Feb. 8, 1960.
