

402558 to 402579. LUPINUS ANGUSTIFOLIUS L. Leguminosae.**European blue lupine.**

From Australia. Seed presented by J. S. Gladstone, Wheat and Sheep Division, Department of Agriculture, South Perth, Western Australia. Received June 24, 1975.

402558. 'GM 006.1'.	402569. 'GS 033'.
402559. 'GM 006.2'.	402570. 'GS 043'.
402560. 'GM 077'.	402571. 'GS 049'.
402561. 'GP 048.1'.	402572. 'GS 070.1'.
402562. 'GP 048.2'.	402573. 'GS 070.2.1'.
402563. 'GS 005.1.1'.	402574. 'GS 070.2.2'.
402564. 'GS 005.1.2'.	402575. 'GS 137.1'.
402565. 'GS 005.2'.	402576. 'GS 137.2'.
402566. 'GS 015'.	402577. 'GS 181.1'.
402567. 'GS 027.1.1'.	402578. 'GS 181.2'.
402568. 'GS 027.2'.	402579. 'NS 006'.

402580 and 402581.

From Bahamas. Seed presented by United States Agency for International Development, Livestock Project, Andros Island. Received June 25, 1975.

402580. DOLICHOS LABLAB L. Leguminosae. Hyacinthbean.

1795. Semiviny shrub to 1 m tall. Spread 0.5 to 1.0 m. Brown seed with white hilum. Wild and cultivated.

402581. LEUCAENA LATISILIQUA (L.) W. T. Gillis Leguminosae. Lead tree.

1976. Woody perennial originally from Australia. Local name Jumbey. Cultivated.

402582 and 402583. PENNISETUM AMERICANUM (L.) Schum.**Gramineae. Pearl millet.**

From United States. Seed presented by A. J. Casady, Department of Agronomy, Kansas State University, Manhattan, Kansas through Regional Plant Introduction Station, Experiment, Georgia. Received July 2, 1975.

402582. 'Kansas Dwarf'.

402583. 'Senegal Dwarf'.

402584 to 402586. HELIANTHUS ANNUUS L. Compositae.**Sunflower.**

From United States. Seed presented April 1973 by D. B. Ferguson, Northrup, King and Company, Minneapolis, Minnesota. Reproduced by Regional Plant Introduction Station, Ames, Iowa. Received March 13, 1975.

402584. A-1426. 'Camba'. Oil type. Originally from Argentina.

402585. A-1427. 'Norkinsol'. Oil type. Originally from Argentina.

402586. A-1428. 'Riestra'. Oil type. Originally from Argentina.

402587. CYAMOPSIS TETRAGONOLOBA (L.) Taub. Leguminosae.**Guar.**

From Netherlands. Seed presented by Henk van Nieuwerkerken, Hercules BV, The Hague. Received July 1, 1975.

Male sterile F₁.
