**410845 to 410847. TRITICUM AESTIVUM L. Poaceae.****Common wheat.**

From Australia. Seed presented April 1976 by Division of Plant Industry Commonwealth Scientific and Industrial Research Organization, Canberra. Numbered June 29, 1976.

- 410845.** 'Gabo'.  
**410846.** 'Halberd'.  
**410847.** 'Robing'.

**410848 and 410849. TRITICUM AESTIVUM L. Poaceae.****Common wheat.**

From Uruguay. Seed presented April 1976 by Centro de Investigaciones Agrícolas, Alberto Boerger, La Estanzuela. Numbered June 29, 1976.

- 410848.** 118. Eastern Yaury.  
**410849.** 236. Eastern Tarariras.

**410850 to 410872.**

From England. Seed presented by G. E. Porter, Plant Breeding Institute, Trumpington, England. Received June 29, 1976.
