

PI 512056 to 512079-continued

- PI 512056 donor id: Cv Fenn: AfAf StSt TlTl. origin: United States. other id: GP-037. group: CSR-PEAS. remarks: Isolines useful for study of the effect of foliar modification on physiological, pathological, and agronomic/horticultural traits. Facultative Annual. Genetic Material. Seed.
- PI 512057 donor id: Cv Fenn: afaf StSt TlTl. origin: United States. other id: GP-038. group: CSR-PEAS. remarks: Isolines useful for study of the effect of foliar modification on physiological, pathological, and agronomic/horticultural traits. Facultative Annual. Genetic Material. Seed.
- PI 512058 donor id: Cv Fenn: AfAf stst TlTl. origin: United States. other id: GP-039. group: CSR-PEAS. remarks: Isolines useful for study of the effect of foliar modification on physiological, pathological, and agronomic/horticultural traits. Facultative Annual. Genetic Material. Seed.
- PI 512059 donor id: Cv Fenn: AfAf stst tlTl. origin: United States. other id: GP-040. group: CSR-PEAS. remarks: Isolines useful for study of the effect of foliar modification on physiological, pathological, and agronomic/horticultural traits. Facultative Annual. Genetic Material. Seed.
- PI 512060 donor id: Cv Fenn: afaf stst TlTl. origin: United States. other id: GP-041. group: CSR-PEAS. remarks: Isolines useful for study of the effect of foliar modification on physiological, pathological, and agronomic/horticultural traits. Facultative Annual. Genetic Material. Seed.
- PI 512061 donor id: Cv Fenn: afaf StSt tlTl. origin: United States. other id: GP-042. group: CSR-PEAS. remarks: Isolines useful for study of the effect of foliar modification on physiological, pathological, and agronomic/horticultural traits. Facultative Annual. Genetic Material. Seed.
- PI 512062 donor id: Cv Fenn: AfAf stst tlTl. origin: United States. other id: GP-043. group: CSR-PEAS. remarks: Isolines useful for study of the effect of foliar modification on physiological, pathological, and agronomic/horticultural traits. Facultative Annual. Genetic Material. Seed.
