28181. PSIDIUM GUAJAVA L.

Guava.

Grown at the Subtropical Garden, Miami, Fla. Numbered June 17, 1910.

Bud wood obtained May, 1909, by Mr. P. J. Wester from Mr. Orange Pound, Coconut Grove, Fla., for breeding purposes.

"This is a white-fleshed guava, rather larger than the average fruit found in the market and with seeds less numerous. In flavor it is mild and sweet. Mr. Pound claims to have found nearly seedless fruits on the tree." (*Wester.*)
